

THE MAJLIS

Lamu © Kenya

The Majlis is a privately owned resort set on Manda Island in the Lamu archipelago off Kenya's north coast.

Offering world class understated luxury, the hotel is elegantly designed and boasts the best views of the breathtaking Ras Kitau bay.

Only a 10 minutes boat ride to Lamu town, the hotel reflects Lamu's traditional heritage with its subtle fusion of Swahili, Arabic and Indian architectural influences.

With 25 exquisite deluxe rooms, our guests can enjoy the tropical location in western comfort.

With traditional high-beamed ceilings, large window terraces and "baraza" seating areas, the ensuite rooms offer stunning views of the gardens, swimming pools and the endless Indian Ocean.

When it comes to indulging your palate, The Maljis Restaurant will not fail to impress.

Set on an open plan veranda with a panoramic view of the bay, the restaurant is built using local materials - casuarinas, mangrove poles and a thatched 'makuti' ceiling.

Offering the finest cuisine in the Lamu archipelago, The Maljis Restaurant serves the very best.

Exotic fresh fruits, home baked breads, pastries, and a selection of warm fare as per your request for breakfast; A la carte menus offering everything from the freshest catch of the day prepared with spices and herbs to delectable international dishes for lunch, and finally, the exceptionally prepared evening meals conjured up by our own restaurant chef.

Or ask us to lay out our romantic candle-lit al fresco dinner service, on the beach for a experience that will leave an everlasting memory.
